

# AGENDA 2030 – Sustainable Development Goals (SDGs)

The 2030 Agenda for Sustainable Development and its 17 Goals and 169 targets adopted in 2015 by Heads of State and Government represents a commitment to eradicate poverty and achieve sustainable development worldwide by 2030.

Forus works closely with its members on the monitoring and follow-up of the implementation of the Agenda 2030 via a dedicated Working Group, by sharing information, facilitating peer exchanges and strategizing on advocacy actions. Forus is also a co-facilitator for the broad civil society alliance Action for Sustainable Development coalition (A4SD - <http://action4sd.org>) and thus ensures that its entire membership engages effectively by enabling participatory processes and mobilising NGOs and CSOs to increase public awareness about the 2030 Agenda.

## Leadership Development Program (LDP)

The Leadership Development Program fosters peer-to-peer learning and innovation in leadership skills & techniques. It encourages NGO Platforms and Regional Coalitions leaders, members of the Forus network, to reflect on their contribution to social change and bring the debate to their constituencies.

It is an incentive to communities of NGOs inclined to work with other CSOs and other stakeholders to adapt and respond to new challenges. The overall program, led by Forus, consists of 3 cycles, each composed of 12 participants, held over 3 consecutive years, combining participatory methods, webinars and face to face workshops.
